San Francisco, California 94105-3901

**RE: Perchlorates Sampling Plan, Phoenix Goodyear Airport (North), prepared by Malcolm Pirnie, dated July 10, 1998.**

Dear Ms. Roth:

The Arizona Department of Environmental Quality (ADEQ) completed a review of the Perchlorates Sampling Plan prepared for UniDynamics. Based on that review, ADEQ believes that this plan is sufficient and does not require comment. ADEQ is proposing to split samples at monitoring wells MW-24, MW-15, and MW-4 for perchlorate analysis by method 300.0. The samples will be sent to Del Mar Analytical in Irvine, California at a cost of \$80.00 each.

If you have any questions or comments regarding this correspondence, please contact Kris Kommalan at (602) 207-4193.

Sincerely,

Kristina Kommalan  
Project Manager  
Federal Projects Unit  
Superfund Section
